

## COLLEGE ADMISSION REQUIREMENTS

### COLLEGE OF AGRICULTURE (CA)

#### DEGREE PROGRAMS OFFERED:

##### 1. Bachelor of Science in Agriculture(BSA)

The BSA program aims to educate students in the scientific habit of thought, entrepreneurial skills and prepare them to become professionals with entry-level competencies in technical agriculture. It emphasizes the processes and techniques of identifying, diagnosing, and analyzing problems and in designing, packaging and applying technologies needed in the development and conservation of the agriculture and food system resources. BSA is closely related to the fields of agricultural engineering, agribusiness, agro-forestry, animal science and animal husbandry.

##### BSA Majors:

- |                          |                       |                |
|--------------------------|-----------------------|----------------|
| ☞ Agronomy               | ☞ Entomology          | ☞ Sericulture  |
| ☞ Agroforestry           | ☞ Extension Education | ☞ Soil Science |
| ☞ Agricultural Economics | ☞ Horticulture        |                |
| ☞ Animal Science         | ☞ Plant Pathology     |                |

##### 2. Bachelor of Science in Agribusiness(BSAB)

The BSAB program aims to educate well-rounded professionals in agribusiness capable of meeting the national and global needs for highly trained managers, academics, researchers and extensionists and entrepreneurs. Agribusiness is closely related to the fields of agriculture, business, management economics, accountancy and public administration.

##### BSAB Majors:

- |                          |                        |
|--------------------------|------------------------|
| ☞ Agribusiness Marketing | ☞ Agribusiness Finance |
|--------------------------|------------------------|

##### 3. Bachelor of Science in Development Communication(BSDC)

The BSDC program aims to develop communication professionals equipped with the knowledge and skills needed in teaching, managing and implementing communication programs for development.

##### BSDC Majors:

- |                          |                          |                             |
|--------------------------|--------------------------|-----------------------------|
| ☞ Community Broadcasting | ☞ Development Journalism | ☞ Educational Communication |
|--------------------------|--------------------------|-----------------------------|

Degree Program	FRESHMEN/ NEW STUDENT	TRANSFEREES
<b>BSA</b>	<ul style="list-style-type: none"> <li>✓ Must be a Senior High School graduate,</li> <li>✓ Must have a BSU-College Qualifying Examination rating of 90 or better</li> <li>✓ Must submit Senior High School Form 138</li> </ul>	<ul style="list-style-type: none"> <li>✓ Must take the Benguet State University - College Qualifying Examination</li> <li>✓ Must submit transfer credentials from last school attended, certified copy of academic records and certificate of good moral character.</li> <li>✓ Those from Non-member of <i>Philippine Association of the State Universities and Colleges (PASUC)</i> schools must validate courses taken from last school attended.  <i>**Grades with 2.0 or better need not be validated. Validation tests are given one week before enrolment.</i></li> <li>✓ Students from other colleges within the University who intend to transfer to College of Agriculture must consult the Dean.</li> </ul>
<b>BSAB</b>	<ul style="list-style-type: none"> <li>✓ Must be a Senior High School graduate,</li> <li>✓ Must have a grade of 85% or better in Mathematics</li> <li>✓ Must have a BSU-College Qualifying Examination rating of 90 or better</li> <li>✓ Must submit Senior High School Form 138</li> </ul>	
<b>BSDC</b>	<ul style="list-style-type: none"> <li>✓ Must be a Senior High School graduate,</li> <li>✓ Must have a grade of 85% or better in English and Filipino</li> <li>✓ Must have a BSU- College Qualifying Examination rating of 90 or better</li> <li>✓ Must submit Senior High School Form 138</li> </ul>	
<i>Foreign Students must consult the University Registrar at the Administration Building.</i>		

### COLLEGE OF HOME ECONOMICS AND TECHNOLOGY (CHET)

#### DEGREE PROGRAMS OFFERED:

##### 1. Bachelor of Science in Entrepreneurship (BS Entrep)

- The BS Entrep is geared towards the development of entrepreneurs in the field of food, craft and clothing under two majors which are the following:
  - ☞ Clothing and Craft Enterprise
  - ☞ Food Enterprise

This is a straight program catering to Senior High School graduates of the academic strand under the Accountancy, Business and Management (ABM) track. Provision for non-ABM graduates who wish to take the programs are stated on the next page.

##### 2. Bachelor of Science in Home Economics (BSHE)

- BSHE develops home economics professionals along home management, food trades, garment trades, crafts and beauty culture as teachers in elementary, secondary and technical-vocational courses; researchers; entrepreneurs; extension workers; and, technicians/supervisors in home economics related industries.

### 3. Bachelor of Science in Hospitality Management (BSHM)

- The BS Hospitality Management program aims to develop managers and supervisors in the hospitality industry. This is a straight program catering to Senior High School graduates of the academic strand under the Accountancy, Business Management (ABM) track. Provisions for non- ABM graduates who wish to take the program are provided below.

### 4. Bachelor of Science in Nutrition and Dietetics (BSND)

- The Bachelor of Science in Nutrition and Dietetics is a four –year program consisting of general education and professional courses. The first and second semesters of the fourth year is devoted to field practice in hospital dietetics, food service, and community nutrition/public health nutrition.

#### ADMISSION REQUIREMENTS:

Degree Program	Graduates from Senior High School / New Student	Transferees / Shifters
<b>BS Entrep</b>	1. Senior High School graduate of the ABM Track 2. Must have a BSU- College Qualifying Examination rating of 90 or better	1.Senior High School graduate of the ABM Track 2.Must have a BSU- College Qualifying Examination rating of 90 or better 3.With no failing grades in any subject which is part of the BSET curriculum
	<i>*For students who did not take the ABM academic strand, they are required to take the five (5) ABM courses equivalent to fifteen (15) units which will be offered on the following period.</i>	
<b>BSHM</b>	1. Senior High School graduate of the ABM Track 2. Must have a BSU-College Qualifying Examination rating of 90 or better	1. Senior High School Graduate of ABM Track 2. Must have a BSU College Qualifying Examination rating of 90 or better 3. With no failing grades in any subject which is part of the BSHRM curriculum
	<i>*For students who did not take the ABM academic strand, they are required to take the five (5) ABM courses equivalent to fifteen (15) units which will be offered.</i>	
Bridging Courses for <b>BSET &amp; BSHRM</b> : Applied Economics Organization and Management Principles of Finance		3 units Fundamentals of Accounting 3 units Business Marketing 3 units
<b>BSHE</b>	1. Senior High School graduate with good scholastic standing (average of at least 85%) 2. Obtained at least rating of 90 in the BSU-College Qualifying Examination	1.Obtained at least rating of 90 in the BSU-College Qualifying Examination 2. With no failed or dropped grades among the taken subjects which is part of the BSHE curriculum.
<b>BSND</b>	1. Senior High School graduate of any track 2. Senior High School graduate with good scholastic standing (average of at least 85% with no grade lower than 85% in Math, Science and English) 3. Must have a BSU College Qualifying Examination rating of 90 or better	1.Senior High School graduate of any track 2.Must have a BSU College Qualifying Examination rating of 90 or better 3.With no failing grades in any subject which is part of the BSND curriculum
<i>* Foreign students must write or see the Director of Admission on requirements for admission.</i>		

## COLLEGE OF TEACHER EDUCATION (CTE)

#### DEGREE PROGRAMS OFFERED:

##### 1. Bachelor of Elementary Education (BEEd)

- This course includes various areas of concentration such as English; Filipino; Mathematics; Physical Education, Music and Arts (PEMA); Social Studies; Science; Health; and Technology. It entails the acquisition of knowledge, skills, attitudes, values and experiences designed to provide prospective elementary teachers the necessary competencies essential for effective teaching.

##### 2. Bachelor of Early Childhood Education (BECEd)

- The program is designed to prepare students for teaching and supporting young children's development. It provides students with fundamental understanding and application of the principles of early childhood care and education, as well as experience in the application of these principles. It aims to educate individuals to be competent early childhood practitioners working with children from 0-8 years old in various early childhood settings.

##### 3. Bachelor of Library and Information Science (BLIS)

- The Library and Information course is one of the most dynamic and sought after in the world of work. The profession is of utmost importance if the proliferating information is to be widely available and accessible in time to users. It is designed to prepare the library and information professional to expertly manage the continuing rise of knowledge not only in format but in ways in which knowledge can be organized and exploited especially with the use of technology-based system

##### 4. Bachelor of Secondary Education (BSEd)

- This course includes various major fields such as Biology; English; Filipino; Guidance and Counseling; Library Science; Mathematics; Physical Education, Health, Music and Arts (PEHMA); Physics; Social Studies; and Values Education. It is designed for the acquisition of knowledge, skills, proper attitudes and values, and experiences that will provide prospective teachers with the necessary competencies essential for effective teaching in the secondary level.

BSE majors:

- |                      |                    |                                       |
|----------------------|--------------------|---------------------------------------|
| ☞ Biological Science | ☞ Mathematics      | ☞ Technology and Livelihood Education |
| ☞ English            | ☞ Physical Science | ☞ Values Education                    |
| ☞ Filipino           | ☞ Social Studies   | ☞ PEHMA                               |

##### 5. Bachelor of Physical Education (BPEd)

- As a teaching profession, PE is seamless activity of designing and delivering learning activities, providing quality instruction, managing the classroom and assessing student learning, modelling as well as mentoring. This requires a deep, broad and integrated knowledge of the subject matter and its learners, which in turn informs the PE teacher's choices in terms of meaningful curricular content, the creation of inclusive learning environments and the employment of effective learning strategies.

- As a curricular subject, PE 1 aimed at physical literacy, which serves as the foundation for confident, enjoyable and sustained participation in a wide

range of physical activities. Thus, it consists of developmentally appropriate activities. PE also aims to optimize health through learning experiences aimed at the formation of physical activity and healthy eating habits, as well as dispositions. These learning experiences likewise extend beyond the classroom; hence, student learning must be reinforced through programs on school and community recreation, as well as organized, competitive, caring manner. Finally, PE draws from the knowledge base of the behavioural sciences; and employs interdisciplinary instruction as means to permeate all aspects of the learners' lives and development them integrally.

**6. Bachelor of Technology and Livelihood Education (BTLEd) major in Home Economics**

➤ The BTLEd program is an undergraduate teacher education program that equips learners with adequate and relevant competencies in the area of Technology and Livelihood Education, particularly for the TLE exploratory courses from Grades 4 thru 8.

**ADMISSION REQUIREMENTS:**

New Student	Transferees / Shifters
<ol style="list-style-type: none"> <li>1. Must be a Senior High School graduate</li> <li>2. Must have a general weighted average (GWA) of at least 85% or better in Senior High school</li> <li>3. Must take the BSU – College Qualifying Examination and meet the cut-off set by the college for the current school year.</li> </ol>	<ol style="list-style-type: none"> <li>1. Must have an average grade of 85% or better</li> <li>2. Must take the BSU-College Qualifying Exam and meet the cut-off set by the college for the current school year</li> <li>3. Must not have deficiencies (Incomplete, Dropped, Failed) in courses previously taken.</li> </ol> <p style="text-align: center; font-size: small;">* Admission of transferees/ shifters shall depend on the availability of slots.</p>

**COLLEGE OF ARTS AND SCIENCES**

**DEGREE PROGRAMS OFFERED:**

**1. Bachelor of Science in Statistics (BSS)**

➤ The Bachelor of Science in Statistics is a four-year course offered in the College of Arts and Sciences provides the student with knowledge and skills in Applied Statistics. Aside from the theoretical aspect, students get acquainted with various statistical packages. To be technologically up-to-date and globally competitive, this program includes courses on computer-based statistical tools.

**2. Bachelor of Science in Environmental Science (BSES)**

➤ The BS Environmental Science Curriculum is an inter-disciplinary program which envisions to equip graduates with a holistic and integrative knowledge system and skills in the solution of environmental problems which are not provided in Biology, Forestry, Engineering and other related curricula. This program then provides the much needed manpower to respond to the pressing needs of the contemporary times.

**3. Bachelor of Science in Information Technology (BSIT)**

➤ Information Technology is one of the most exciting and rapidly evolving university courses. Its importance in our everyday lives for personal and professional work is highlighted with rapidly developing audio-visual and communication technologies. Learning starts from small individual programming tasks, progressing to developing large team based systems. Teams will learn to design, build and maintain information systems using current industry standard design and development life cycles. The course covers a wide range of topics including information management, database management, network administration and software development life cycle.

**4. Bachelor of Arts in Communication (AB Comm)**

➤ This four-year degree program aims to equip the students with the knowledge and skills in the theory and practice of communication applicable in various professions and contexts, with focus on the media profession. The curriculum integrates the major areas of communication, literature, English, and culture. A qualification in Mass Communication leads graduates to several career paths in the private and government sectors such as public and corporate communication/information officers, social science and communication researchers/analysts, communication/media planners and managers, program/project development officers, public relations and advertising practitioners, media practitioners, learning system designers, multimedia designers, teaching, translation, service industry, call centers, literature and culture research industries, entertainment business and allied/related professions.

**5. Bachelor of Arts in English Language Studies (AB ELS)**

➤ This four year degree program provides a comprehensive knowledge of the English language – its origin, growth and development, structures, and use; enhances the students' competencies in the use of the English language in real-world contexts; and presents appropriate strategies of language use through a heightened awareness of how English works in different situations in the Philippines and in Asia and the rest of the world. It integrates the major areas of English, communication, linguistics, literature and culture plus several courses of contemporary interests. A qualification in English Language Studies leads graduates to several career paths in the private and government sectors such as teaching, translation, service industry, call centers, literature and culture research industries and entertainment business.

➤ High level English, communication arts, literature and cultural skills will also enable the students to take advantage of excellent employment opportunities throughout the world – in education and teaching, translation and interpreting, travel, tourism and hospitality, publishing and journalism, sales and marketing, advertising and public relations, international business and relations, international business and relations, law and commerce, and the arts.

**6. Bachelor of Arts in Filipino (AB Fil) / Batsilyerng Sining sa Filipino**

➤ Sumasabay ang Filipino sa mga pagbabagong nagaganap sa daigdig at natural lamang na mapag-aralan ito nang lampas sa dating hangganang itinakda sa pagtuturo nito. Ang pag-aaral ng Filipino ay maiuugnay sa iba pang disiplina, nang sa gayon ay magamit ang Filipino hindi lamang sa mga nakagawiang saklaw nito. Tinutugon ng programang AB Filipino ang itinadhanang Konstitusyong 1987 ukol sa wika, at inihahanda ang mga estudyante para sa mga trabaho at serbisyo napawang kailangan ng mga Pilipino sa hinaharap.

➤ Ang mga kurso sa programang ito ay liliinang sa kahusayan ng mga mag-aaral sa komunikasyon, malawak na kaalaman sa teorya at praktikang wika, malikhaing pag-iisip, at mapanuring pananaliksik. Maihahanda ang mga mag-aaral sa mga sumusunod na trabaho: mananaliksik, mamamahayag, guro, kritiko, manunulat, tagasalin, editor, tagapamahala, entrepreneur, at iba pa.

**ADMISSION REQUIREMENTS:**

Degree Program	Freshmen / New Student	Transferees
<b>BSS</b>	<ol style="list-style-type: none"> <li>1. Must be a Senior high school graduate,</li> <li>2. **COLLEGE OF ENGINEERING AND APPLIED TECHNOLOGY (CEAT)**

**DEGREE PROGRAMS OFFERED:**

**1. Bachelor of Science in Agricultural and Biosystems Engineering-BSABE (Former: Bachelor of Science in Agricultural Engineering)**

Bachelor of Science in Agricultural and Biosystems Engineering is a profession that uses engineering science in agriculture. The following are the major professional interests:

- ✓ Agricultural Power and Machinery
- ✓ Soil and Water
- ✓ Farm structures
- ✓ Agricultural Processing

**2. Basic Automotive Technology (Basic Autotech)**

➤ This certificate includes the following courses:

- ☞ Automotive Electricity
- ☞ Automotive Under-chassis Mechanic
- ☞ Basic Engine Mechanic
- ☞ Shielded Metal Arc Welding (SMAW)

**3. Advanced Automotive Technology (Advanced Autotech)**

➤ A certificate that follows the Basic Automotive Technology and has the following components:

- ☞ Advance automotive electricity, electronics and under-chassis
- ☞ Advance engine mechanic
- ☞ Metal works, oxy-acetylene welding, automotive body repair and painting
- ☞ On the Job Training, requirement after the preceding courses are completed

**ADMISSION REQUIREMENTS:**

Degree Program	Fresh Graduate from Senior High School / New Student	Transferees / Shifters
<b>BSABE (BSAENG'G)</b>	1. Must be a Senior High School graduate general average of 80% or better (GPA of 2.5 or better);	1. Must have a grade of about 85% in Math and Science courses, and no failure grade in any subject

	2. Must have a grade of about 85% in Mathematics and Science courses, 3. Must have at least Average IQ in BSU – College Qualifying Examination	
<b>BASIC AUTOTECH</b>	Three days tryout in actual but basic automotive works. * BSU- CQE not needed.	* BSU- CQE not needed.
<b>ADVANCED AUTOTECH</b>	* BSU- CQE not needed.	* BSU- CQE not needed.

## COLLEGE OF FORESTRY (CF)

### DEGREE PROGRAM OFFERED:

#### 1. Bachelor of Science in Forestry (BSF)

- The BSF degree is intended for students who wish to specialize in Forestry. To earn the degree, the students must earn to earn at 177 units for the general curriculum. The new BSF curriculum is K-12 ready and is composed of about a year of General Elective courses and three years of Core and Major Courses.
- The BSF degree is intended for students who took the STEM (Science, Technology, Engineering, and Mathematics) track but NON-STEM will also be accepted but with 2 additional subjects in their curriculum and Long Life Learners may be accepted as long as they are willing to undergo the bridging program.

### ADMISSION REQUIREMENTS:

Fresh Graduate from High School / New Student	Transferees / Shifters
1. Must be a Senior High School graduate, 2. Must have a general weighted average (GWA) of 80% or better in Senior High School 3. Must have a BSU – College Qualifying Examination rating of 90 or better 4. Must be fit for the course requirement of field works (Medical Certificate) 5. Must be of Good Moral Character (Certificate of Good Moral Character from principal), and 6. Two (2) 2"x2" recent ID pictures with Name Tag.	1. Must have finished Senior High School prior to entering the college 2. Must submit application letter 1 month before shifting/ transferring 3. Must submit True Copy of Grades/ Official Transcript of Record, College Clearance/ Copy of Honorable Dismissal 4. Two 2" x 2" recent ID pictures with Name Tag 5. Should pass the BSU- College Qualifying Examination (For non-BSU students) and the Qualifying Examination Rating should be at least 90 6. Must not have more than two failing grades and incomplete grades; 7. Must have a general weighted average of 2.65 or better for incoming Sophomore students.

\* Acceptance of students will be based on rank or quota system (2 sections per school year)

## COLLEGE OF NURSING (CN)

### DEGREE PROGRAM OFFERED:

#### 1. Bachelor of Science in Nursing (BSN)

- The BSN Program is a four-year course designed to prepare student to function competently as a professional nurse in any health care setting. Professional courses begin in the first year and threads through the development of competencies up to the fourth year level. The BSN program provides an intensive nursing practicum that will refine clinical skills from the first year level to ensure basic clinical competencies required of a beginning nurse practitioner.

### ADMISSION REQUIREMENTS:

1. Must be a graduate of Senior High School duly recognized by the Department of Education (Dep Ed);
2. Must be presently enrolled in Senior High School during the application period.
3. Must have an average of 83% or better in both Junior and Senior High School Level
4. Must meet the criteria set by the College Executive Council:
  - 4.1 must have a Benguet State University – College Qualifying Examination rating of 90 or better and belong to the top 150
  - 4.2 if the number of students who garnered a score of 90 or better will not complete the prescribed roster of students, the College Executive Council shall set the score

\* Students are admitted only to the first year level during the first semester.

\* A Graduate of a College Course, Transferee from other schools and a shifter from other courses are not allowed.

## COLLEGE OF VETERINARY MEDICINE (CVM)

### DEGREE PROGRAM OFFERED:

#### 1. Doctor of Veterinary Medicine (DVM)

- DVM is a six-year course with two years preparatory courses and four years professional courses. It is a program designed to prepare the students to become Doctors of Veterinary Medicine or otherwise known as Veterinarian. Veterinarians specialize in the study, treatment and control of animal injuries and disease.

### ADMISSION REQUIREMENTS:

New Student	Other Tracks, Transferees / Shifters/Second Degree
1. Must be a Senior High School graduate 2. Must have a Benguet State University – College Qualifying Examination rating of 95 or above to all applying for the program	1. Have to take the Bridging Courses 2. No Dropped and Failed courses 3. Should pass the Benguet State University – Qualifying Examination 4. Grades will be subjected to evaluation *Professional Courses a. Pass the National Veterinary Admission Test (NVAT).

## INSTITUTE OF PUBLIC ADMINISTRATION (IPA)

### DEGREE PROGRAM OFFERED:

#### 1. Bachelor of Public Administration (BPA)

- The BPA is a degree that aims to prepare and develop public servants with the required knowledge, values and skills to serve as professionals in public administration and governance for the public interest.

## **ADMISSION REQUIREMENTS:**

<b>Fresh graduates from High school/ New student:</b>	<b>Transferees/shifters:</b>
<ol style="list-style-type: none"><li>1. Must be a Senior High School graduate.</li><li>2. Should pass the Benguet State University-College Qualifying Examination.</li><li>3. Must have grade of 82% or better in English</li><li>4. Must have a general weighted average (GWA) of 80% or better in Senior High School.</li></ol>	<ol style="list-style-type: none"><li>1. Must submit certified copy of academic records (must have passed at least 50% of subjects enrolled in the previous semester).</li><li>2. Should pass the Benguet State University- College Qualifying Examination.</li><li>3. Must not have deficiencies (Incomplete, Dropped, Failed marks) in course previously taken.</li></ol>

## **INSTITUTE OF HUMAN KINETICS**

### **DEGREE PROGRAM OFFERED:**

#### **1. Bachelor of Science in Exercise and Sports Sciences (BSESS)**

- It is an interdisciplinary field designed to provide graduates with a abroad and coherent understanding of applied exercise and sports sciences in terms of fitness and sports coaching, and the management of fitness and sports program in various industries and settings. The fitness and sports coaching major is a standalone degree but it enhances and complements the coaching licensure and/or certification accredited by relevant international and national governing sports bodies, as well as fitness-related certifications by reputable organizations in the field. This knowledge and skills base allows graduates to address the relevant needs of employers and pursue further specialization studies.

#### **Major fields:**

➤ **Fitness and Sports Coaching**

➤ **Fitness and Sports Management**

### **ADMISSION REQUIREMENTS:**

1. Must be a Senior High school graduate.
2. Must have a Benguet State University – College Qualifying Examination rating of 110 or better;
3. Must have a general weighted average (GWA) in Senior High school of at least 80%
4. Must be physically fit
5. Must pass the motor achievement test
6. Must submit the following documents: Form 137 and 138, Certificate of Good Moral Character, Original copy of NSO Birth Certificate, Medical Certificate, 2x2 ID picture with white background

*\*Applications will be considered from individuals who can demonstrate their experience, skills and learning sufficient for them to undertake and complete the course*

*\*For athletes – a certification of achievement as athlete during regional, national competitions from their coaches is an advantage*

**As per RA 10931 (Universal Access to Quality Tertiary Education Act) Section 4, all Filipino students who are either currently enrolled or shall enroll in State Universities and Colleges (SUC) including BSU, will enjoy free tuition and other school fees ( miscellaneous, and other fees), starting Academic Year 2017-2018.**

## **Available Scholarships/Grants for Incoming First Year Students**

### **1. TOP TEN GRADUATES**

#### ➤ Requirements:
